Q & A

Q: How long do tours last?

A: The Feature Tour route is roughly 90 minutes. Morning tours that begin at 9:30am will end around 11am. Evening tours beginning at 6:30pm end at around 8pm.

Q: What will we see on tour?

A: Both routes cover locations of historical, architectural, and cultural significance to New Bern. You will see 200+ year old homes, our beloved clock tower, the river-walk, and some of my favorite local treasures.

Q: Why are the only tour options at 9:30am and 6:30pm?

A: From roughly Memorial Day to Labor Day, afternoon temperatures often climb into the 90's. Tour times are scheduled to capitalize on the more comfortable parts of the day. Additionally, I provide umbrellas for shade and the Cub House provides water fountains to refill your personal bottle before and after the tour.

Q: Do these tours include food?

A: The Feature Tour is presented as a story telling adventure and dining is not part of the experience (although I am well equipped to give recommendations on how to maximize your dining choices in New Bern).

The Legacy Tour is a expansion route presented as a VIP experience and includes a light meal.

Q: What is the cost?

A: The Feature Tour tickets are \$20 cash, \$22 if paid online.

The Legacy Tour is \$125 each, with a max of 6 people per tour. This includes the 3 hour tour experience, a light dinner, and a keepsake book of New Bern art by Vaughn Fox.
